Dr. Martens/Nordstrom/Live 105 Free Concerts (:45)

<lame, foo-foo music like Mariah Carey>

<scratch record off; guy grunts in extreme distaste>

<lame country music>

<scratch record off, guy screams in extreme distaste, a little louder>

<Grateful Dead music>

<scratch record off, guy *really* screams this time>

Anncr: Tired of the same old sludge?

<typical really hot, cool Live 105-type band>

<guy sighs, relieved>

Anncr: This summer, feed your soul.

<background music of band who will play>

Anncr: Just take a bit of Dr. Martens, add a little Nordstrom, and combine with Live 105's FREE summer concerts, and you've got shoes for your soles and music for your soul!

<more cool music of performing band>

It's the summer of soul. So join us for the best Bay Area music, and we guarantee you'll be bouncing in your soles.

<music fades>
